

## LAST RECRUITING OFFICE IN CITY TO CLOSE UP

MARINE STATION NO MORE  
AFTER NOV. 1,

For First Time Since Spanish-  
American War, Chattanooga  
Will Have No Office.

The local marine recruiting station will close its doors and pass out of existence on the first day of November, according to a communication received Wednesday afternoon by Sergt. Carl Schuler, head of the station, from the district headquarters in Atlanta. For the first time since the Spanish-American war Chattanooga will be without a recruiting station, both the army and navy stations having been abolished some time ago. The local station has not been able to fill its quota of voluntarily inducted men for the month of October, and it is expected that it will be closed at least some of the stations. In a recent visit to the local station, Maj. Colvocoresses stated that it was his plan to close several of the stations in the southeastern marine corps mobilization district, of which he is the chief. Under his plan, stations would be kept open in the larger cities, and men of this city could go to one of these stations if they desired voluntary induction into the corps. He suggested that stations in Atlanta, Ga., Birmingham, Ala., Nashville, Tenn., Houston, Texas, Dallas, Texas, Memphis, Tenn., and Little Rock, Ark., might be kept open for voluntary induction.

Local recruiters have received no data as to whether this plan is to be carried out or whether the men for the marine corps will be selected after the first. Thus far the following information is all which has been received by Sergt. Schuler: "In view of the closing of the stations by Nov. 1, and in order that the district may have advantage of any desirable men who may apply for induction, it is desired that you secure the acceptance of all such men prior to that date. As fast as you can accept the men you will send their orders to this office in the usual manner."

## APPLE CROP FAILS

Late Frosts and Long Droughts Chief  
Cause of Shortage.

Due to the late frosts in the spring and the long summer drought as the chief causes, the 1918 apple crop in this vicinity may have advantage of any desirable men who may apply for induction, it is desired that you secure the acceptance of all such men prior to that date. As fast as you can accept the men you will send their orders to this office in the usual manner."

The Ben Davis apples are not yet on the market, having been placed in cold storage to await better prices and a more advantageous time for selling. Limbertwigs are bringing from \$1.50 to \$2.00 a bushel at the markethouse with York Imperials near the same figure. Ben Davis apples will probably be released in November and December. It is thought that they will sell for about \$2.00 a bushel.

## SIXTY-NINER SAYS HE KNOWS

Declares Liver Medicine to Be  
Necessity, and Says None  
Better Than Black-  
Draught.

Cameron, Okla.—Mr. T. L. Bostler, who lives near this place, recently made the following statement to a visitor: "I am sixty-nine years old, in pretty good health, able to work in the field. "Black-Draught has its part in that. I have used it for about thirty years and know what a good medicine it is. "Much trouble and sickness comes from the liver and stomach. It can be avoided by taking Black-Draught. I use it regularly for all liver and stomach troubles, for constipation and indigestion. "Out here, where there is a lot of malaria, a liver medicine is a necessity and I have ever found one better than Theodor's Black-Draught. "Black-Draught has done me and my family a world of good. "The liver is one of the largest organs of the body and one of the most important. "It has very essential work to do, and when anything hinders it in this work, trouble results and you are bothered with headache, nausea, constipation, or diarrhea, vomiting, indigestion, loss of appetite, etc. "Theodor's Black-Draught has, for over 70 years, been found a thoroughly reliable vegetable liver medicine. "Try it! For sale at your druggist's."

## MORE QUESTIONNAIRES TO BE SENT OUT SOON

SPEED MEDICAL EXAMINATION  
OF REGISTRANTS.

City Board No. 1 Sets Forward  
Date of Physical Tests

to Oct. 30.

City board No. 1 registrants between the ages of 37 and 45, inclusive, will receive their questionnaires within the next two or three weeks. It was announced Thursday morning. The clerks at the office of the board are getting ready to mail out the booklets, and it is thought the first lot will be sent out Friday morning. The other boards are not yet ready to mail out their questionnaires to the "old" registrants. County board No. 2 reports that it finished the examinations of the first class of registrants some time ago, but will not start sending out the blanks to the 37-45 class for a few days. Gen. M. N. Whitaker, chairman of city board No. 2, said the work will not be begun until the present epidemic of influenza is passed. Many of the lawyers would object to serve at this time, County board No. 1 also announced it will not begin the work for several days at least.

Both of the county boards have started sending out the cards containing the order and serial numbers of medical ethics to the registrants. The two city boards are not ready to mail the cards, since they cannot be filled out until the registrants have stood the physical examinations.

The two city boards are planning to speed up the examinations for the 18-21 and 31-37 class registrants. Beginning on Monday, a large number of registrants will be examined each day until all have submitted to the test. City board No. 1 announces that registrants who were ordered to report on Oct. 12 will report on next Wednesday, Oct. 30. They are:

Andrew J. Lowe, Chas. D. McKinney, Joseph Boddy, M. J. Meacham, W. E. Neale, Herbert Brodin, Wm. Clarence Neal, Leonard Browne, George Nelson, Edward Butler, Calvin Northington, John Croft, John Dave Dobbs, Nathan Plonsky, N. R. Plonsky, T. R. Plonsky, Frank Shiffley, T. P. P. P. Smith, G. W. Smith, James P. Steele, Oscar Suggs, George Tolley, Pines Lee Hampton, Hurley Triggs, Walter Harford, W. Dave Walton, Luther Huckleby, Rush Irvin, Ernie Johnson, Marshall Williams, Clinton Kibbel, Henry Knuckles, Tommie Long.

The following men have been called by City Board No. 2, Gen. Whitaker, chairman, for Monday, Oct. 28, to meet in the basement of the courthouse:

Ray Conley, Wm. J. C. Taylor, Leo Barber, Charles Morgan, C. J. Helm, Wm. Martin, C. H. McIntosh, E. S. Long, John Taylor, H. H. Roper, Emory Taylor, D. W. Potts, E. F. Johnson, W. H. Wine, J. A. ## PLAYING WITH PISTOL

Teddy Jacobs, Young Boy, in Serious  
Condition as Result.

As the result of a friendly scuffle for the possession of a .20-caliber revolver, Teddy Jacobs, a boy about 15 years of age, lies in a very serious condition at Erlanger hospital. It was reported at the hospital Thursday morning that the boy's injury is so serious that little hope is entertained for his recovery. The bullet from the revolver entered the chest, passed through the right lung and came out through the back. The shooting took place at a late hour Wednesday afternoon. Following the accident, an ambulance was summoned and the injured lad hurried away to the hospital, where a strenuous effort is being made to save his life. The police department was notified and an investigation of the affair will be made.

Manuel Freeman, aged 14, in whose hand the weapon was, was greatly distressed over the accident which may cost him his life. The two boys, together with their sisters, were in the office of the junk shop laughing and talking. Freeman snatched the revolver from the desk and picked it up. Jacobs grasped the weapon by the barrel, and the muzzle pointed toward his chest. He pulled, trying to take the pistol from his chum. Freeman's finger was caught on the trigger and the weapon discharged.

## INFLUENZA DECREASES

Epidemic on Wane in Coal Fields.  
New York Has Fewer Cases.

Washington, Oct. 24.—A reduction, due to the influenza epidemic of 1917-18, in the output of anthracite coal in Pennsylvania, during the week alone, today caused the fuel administration to appeal to Surgeon-General Blue, of the public health service, for immediate aid in combating the disease among the anthracite miners. The fuel administration announced that despite the fact that the Pennsylvania state health commissioner is doing all in his power to check the spread of the disease in the anthracite region, the miners there are dying at a rapidity that is alarming, especially in view of the fact that they are suffering from a lack of proper medical facilities.

The situation is rendered further acute by the fact that many dead or ill miners cannot be replaced, and the mines are being robbed, not temporarily, but permanently, of manpower, essential to the coal output.

The week ending Oct. 12 the output of anthracite coal was 1,371,114 tons, the fuel administration also stated.

## Decrease in New York.

New York, Oct. 24.—A decrease in the number of new cases of influenza and pneumonia was announced by the health department today. New influenza cases totaled 4,403 and pneumonia cases 753. There were 443 deaths from influenza and 316 from pneumonia in the past twenty-four hours.

## Still Holds Chicago.

Chicago, Oct. 24.—Deaths from Spanish influenza, which still holds Chicago and Illinois in its grip, totaled 543 yesterday, the same total as the day before. Reports of new cases for the city were 1,761 of influenza and 483 of pneumonia. From 336 communities throughout the state, 7,760 new cases of influenza were reported.

Only Sixty-Three Deaths. Montgomery, Ala., Oct. 24.—Now cases of influenza reported for Alabama, 2,435.

## HUNTERS FLUSH A COVEY OF TROUBLE

FIND MOONSHINE STILL IN  
ROCK QUARRY.

Sheriff's Forces Destroy 140  
Gallons of Sour Mash and  
Some Liquor.

While trailing the dove of peace in the fields along the Chattanooga-Cleveland highway near Shepherd, a party of hunters yesterday flushed a covey of trouble. It was early Wednesday morning when the hunters, seeing smoke arising from a new cabin, and—fee, fi, fo, fum, they smelled the scent of moonshine rum. The hunters notified the jail authorities and immediately Chief Deputy "Billy" Smith, Charley Weigle and Luther Carter took the trail, and as the result Henry Smith, the 74-year-old operator of the still, his aged wife Nancy, and Ora Johnson, all colored, are in the Hamilton county jail and will remain there until the attorney, T. D. Fletcher, makes their bonds.

The officers, when they reached the scene, found a still of crude and unique make, located at Smith's home in what is known as the "Bitchy" quarry, and a half from the home of Dr. P. M. Madison. The house is removed from the public view on account of the big bluffs of rocks left by the Chickamauga quarry and construction company. When the officers reached the cabin the proprietor of the thirst-quenching and headache-manufacturing establishment was not among the present, there only being Nancy Smith and Ora Johnson at home. Deputy Weigle located Uncle Henry four miles down the branch and placed him under arrest.
